

On August 23, 2010, the Chuck Fleischmann for Congress Committee repaid \$33,000 of loans from the candidate (Charles Fleischmann) from cash on hand after the day of the election pursuant to 116.11(c)(2). The Committee was supposed to treat the remaining amount that exceeded \$250,000 as a contribution from the candidate. When the adjustment was posted in the software, an entry error was made showing the full amount remaining after repayment being forgiven and contributed by the candidate. Therefore, the 3rd Quarter FEC Form 3 filed October 15, 2010 incorrectly shows all loans from candidate being forgiven but the balance should reflect \$250,000.

When the above adjustment was originally made on the 3rd Quarter FEC Form 3 filed October 15, 2010, a setting in the software shows the amount forgiven by the candidate on Line 11d (Contributions from the Candidate). The amount forgiven was already reflected on line 13a (Loans from the Candidate) in the periods the loans were made. Therefore, due to the glitch, total contributions and total expenditures are overstated by \$645,000.

The Chuck Fleischmann for Congress Committee is currently working on the amended third-quarter FEC Form 3.
